

Release Notes

Guided Work Solutions

Generic Integration Accelerator 2.5

May 11 2026

These release notes cover the 2.5 release of the Guided Work Solutions (GWS) Generic Integration Accelerator.

New Features in this Release

GWS SDK 2.6

New features have been added to GWS SDK in this version. As the GWS Generic Integration Accelerator is built on top of this library, you can start using all these new features included. Refer to the *Guided Work Solutions Developer Guide* to learn more about new features included in this release, including:

- Support for Bluetooth printing.
- Enable 'Password In Advance' to achieve more secure signing on processes.
- Support for OCR recognition.
- Improvements in recording and managing VoiceNotes.
- Creating user interfaces on Android devices.
- Additional Hints for better speech recognition.

Components in this Release

GWS Generic Integration Accelerator 2.5

The Guided Work Solutions (GWS) Generic Integration Accelerator contains a set of integration mechanisms that are ready to use for building GWS Plug-Ins. Developers only need to implement the desired workflow and map the integration.

Supported Environments

Environment	Description
GWS Service	2.2 and later
GWS App	4.3 and later
Execution models	• Embedded • Service
Devices and Voice Software	All devices supported by Honeywell DevKit 2.5: • Android devices with these operating systems: ◦ Android 14 ◦ Android 13 ◦ Android 12 ◦ Android 11 • A700x with: ◦ VoiceCatalyst 4.7.1 ECS012 ◦ VoiceCatalyst 4.8 ECS002 or later
Licensing	• A GWS license is required • VoiceConsole 6.3 or greater is required to manage licenses when using OCR • A separate license add-on is required to support OCR input
Languages	• English (U.S.) • German • French • French (Canada) • Spanish • Spanish (Mexico) • Portuguese • Portuguese (Brazil) • Dutch • Japanese

Upgrading to Generic Integration Accelerator 2.5

Existing plug-ins must be upgraded before they can be used with GWS Service 2.3 and GWS App 4.3.1 in Embedded Mode.

Please refer to the *Guided Work Solutions Generic Integration Accelerator Developer Guide* for detailed information about upgrading from previous versions to Generic Integration Accelerator 2.5

Deliverable Contents

This version includes the following contents:

Documentation

- **Guided Work Solutions Quick Start Guide:** This document contains information about the including GWS App and GWS Service. It covers the supported architecture, installation, and configuration.

Guided Work Solutions Generic Integration Accelerator Product Description: This document contains information about the Generic Integration Accelerator (GIA), which can be used with any kind of voice workflow and is integrated using the available transports without any coding needed.

Guided Work Solutions Generic Integration Accelerator Developer Guide: This document provides guidelines for developing new plug-ins using the Generic Integration Accelerator.

Components

The software distribution includes:

- GWS Generic Integration NuGet package required to be referenced in Plug-In projects
- GWS Generic Integration Plug-In project template for Microsoft Visual Studio 2022 to assist in creating new Plug-In projects

General Considerations and Limitations

Limitations

Issue Description

When using SQL Server integration type on the GWS App, some authentication methods such as Active Directory and Azure Active Directory are not supported.

Issues Reported in Earlier Releases

The following issues were reported in previous releases of GWS App and may still occur in this release.

Issue Description	Issue ID
